Assurelo

Capability statement
Cyber and data compliance for financial institutions

COMPANY OVERVIEW

Assurelo is a cyber and data compliance consultancy based in Accra, Ghana. We help banks, microfinance institutions, payment providers and other regulated organisations meet the Bank of Ghana's cyber directive, the Data Protection Act and the Cybersecurity Act, get ISO 27001 certified, and stay ready for examination.

CORE COMPETENCIES

- Bank of Ghana CISD 2026 compliance: tier confirmation, gap assessment, certify-or-exemption plan, Board reporting and the monthly incident return
- ISO 27001 certification, from scope to the Stage 1 and Stage 2 audits, with ISO 27701 and ISO 42001 extensions
- Data Protection Act (Act 843): DPC registration and renewals, record of processing, impact assessments and privacy notices
- Cybersecurity Act (Act 1038): 24-hour incident reporting procedures, tabletop exercises and critical information infrastructure duties
- Ongoing compliance: internal audits, management reviews, Board packs and the regulator calendar, run in Assurelo GRC
- Also: PCI DSS and SOC 2 readiness, AI governance, supplier risk reviews and awareness training

DIFFERENTIATORS

- Requirement-level mapping of Ghanaian regulations to ISO 27001, checked against the official texts
- Evidence and regulatory deadlines kept current all year in Assurelo GRC, not assembled before the audit
- A single expert lead from scoping to certification
